BioTeSys becomes a member of IVTIP

Since January 2010 BioTeSys is a member of IVTIP, the in vitro testing industrial platform. Thereby BioTeSys underlines its activities in the field of in vitro test systems and its confirmation to the 3R's test strategy. IVTIP is an informal forum of European companies with a genuine and active interest in in vitro testing to be used in regulatory/safety testing or for early decision-making in compound discovery and development. IVTIP is in close contact to EU, ECVAM, COLIPA and other organisations. More information see www.ivtip.org

The next meeting (IVTIP Spring Meeting) will take place at May 18th 2010 in Geneva (Switzerland); the spot is on: Integrated in vitro test strategies.
